

Attonuclei Award 2019

Call for applications

Attonuclei wishes to support future doctors by awarding a prize for the quality of their thesis work.

A total amount of 15 000 € will be divided between the 3 PhD students selected.

They will each receive a 5 000 € prize, according to the following features:

Conditions of eligibility

- The prize is for a thesis in the field of quantum dots, connected with Nanobiotechnology, Nanomaterials or Nanoelectronics
- You must be enrolled in your last year of doctoral studies
- Thesis in a French or international research laboratory
- Your thesis must be in French or English

The selection criteria are as follows

- Quality of the advanced version of the thesis manuscript
- Innovative aspect of the research project
- Concrete aspect of the project whose applications could be exploitable in an industrial context
- Candidate's ability to explain and promote their research

Application should include

- Advanced version of the thesis manuscript
- Certificate of enrollment in last year of doctorate
- Resume
- Cover letter
- List of publications and posters of the candidate
- Letter of recommendation from the thesis director
- Estimated cost breakdown associated with proposed utilization of the prize

Award process

- Review of files by the Attonuclei Scientific Committee
- Preselection of candidates
- Hearing of shortlisted candidates
- Final choice of the three PhD students selected for the award of 5000 € each
- Interview

Provisional timetable

- Launch of the call for applications: September 2019
- Close of the call for applications: 1st November 2019
- Review of records: November 2019
- Audition of shortlisted candidates and final choice: December 2019
